**Keyword:** *consumer attitude, intrauterine device affectivity, intrauterine device risk, IUD, Inject KB and Pill of KB.*

## **Pendahuluan**

### **Latar Belakang**

Salah satu tujuan pembangunan melalui Gerakan Keluarga Berencana Nasional adalah mewujudkan keluarga kecil bahagia dan sejahtera, yaitu melalui penurunan tingkat kelahiran. Keberhasilan penurunan tingkat kelahiran tersebut sangat ditentukan oleh pemakaian alat kontrasepsi dan adanya peran serta dan tanggung jawab masyarakat dan keluarga dalam kegiatan KB sesuai dengan jiwa UU No. 10 tahun 1992 tentang Perkembangan Kependudukan dan Pembangunan Keluarga Sejahtera.
