***Keywords :*** *Earning Management, Return on asset (ROA), Cumulative Abnormal Return (CAR)*

## ***Abstaksi***

*Manajemen laba adalah tindakan manajemen dalam laporan keuangan sebagai persiapan untuk meningkatkan kesejahteraannya atau untuk meningkatkan nilai perusahaan. Penelitian ini dilakukan untuk menganalisis pengaruh manajemen laba terhadap kinerja operasional, tingkat pengembalian saham dengan mengambil objek penelitian di BEJ selama periode 2003 sampai 2005. Definisi manajemen laba sesuai dengan penelitian Dechow dkk (1996), kinerja operasional diproksi dengan ROA dan tingkat pengembalian saham diukur dengan kumulatif abnormal return (CAR).*
